CROY IS IN HAWAII

IS RAPIDLY GETTING ACQUAINTED WITH NATIVES.

AN ADVERTISING STUNT

The Natives Eat His Corn Flakes and Wash Their Teeth With His Tooth Paste.

Homer Croy has landed in Hawaii and is rapidly getting acquainted with the natives. Charles F. Loomis, B. S. in Ed., '11, of the state university, of Columbia, who is connected with the Y. M. C. A. in Honolulu, writes to the University Missourian, at Columbia, of the landing of Mr. Croy as follows:

"Homer Croy landed in Honolulu this morning. He blew into the Y. M. C. A. building, immediately upon arrival, with a package of toasted corn flakes under one arm, and a hand satchel, containing a can of tobacco, a can of coffee, a tooth brush, a tube of tooth paste that lies flat on the brush and a thermos bottle, hanging on the other.

"The big feature of Croy's trip around the world is the advertising stunt he is pulling off. In every land and in every city he visits, he is to eat some of the particular brand of breakfast food he is carrying along with him, and when he returns, he will issue a humorous illustrated booklet showing how well it keeps in all climes.

"Tomorrow Croy is going to take pictures of Chinese, Japanese and native school children scrubbing their teeth with well known brands of brushes and paste.

"While, to my mind, this advertising scheme is the most novel feature of his trip, it is not the most important, for it is only one of three side lines.

"Making a reel for the 'movies' entitled 'Around the World in Eighty Minutes' is one side line. A film company has furnished him an expert operator, a young chap 20 years old, and a moving picture camera. As he goes into different foreign countries he will do funny stunts as an American tourist, and the operator will catch it all with his camera. For instance, when in China he is going to sit down on the sidewalk, as is the fashion over there, he says, and let a Chinese barber shave him with his chisel-like instrument. Croy says he thinks this will be humorous to his American audience, but that he, being the goat, will suffer.

"His stunt for the reel here is to try serfing in the big ocean waves on native serf boards and outrigger canoes. I have assured him that he will not have to try to act funny doing this.

"The third side line is writing a book on China. He says twenty-seven books have been written on China, but that not one of them has been written in lighter vein, and he is going to remedy this great lack at once.

"Croy says he was never so surprised in all his life as when he landed in Honolulu this morning. He said 'I expected to see a low, sloping plain, with many marshes near the water's edge, cane brakes, tropical birds flying through the air, monkeys chattering in the trees and black-skinned natives darting out from behind the trees and bushes. Honestly, I am surprised to find Honolulu as up-to-date and as lively as any city of 100,000 population I have ever been in. You know, I thought I might see one or two second-hand automobiles wheezing around, but I hadn't been here four minutes before I was almost knocked down by a seven-thousand-dollar car."

WRIGHT ELECTED

OVER GUS ROMASSER BY TWENTY-TWO VOTES.

SELECMAN COLLECTOR

Fisher in First, Garrett in Second, Raines in Third and Tindall in Fourth—Moberly Won.

U. S. Wright was elected mayor Tuesday at the city election over Augustus Romasser by 22 votes. It was a close race and the vote cast was the largest that has been polled in a city election. The total vote for mayor was 1,184.

The People's ticket won at the election. Aside from the election of Mr. Wright, their candidate for city collector, Sam G. Selecman, won over John G. Grems, the present incumbent, by a majority of 95 votes. E. C. Moberly was chosen by a majority of 603 over Frank Partridge. Mr. Moberly was also running on the Non-Partisan ticket. Mr. Partridge was running as an independent candidate.

For members of the city council, Jesse Fisher was selected from the first ward by a majority of 57 over Hal T. Hooker. Frank Garrett won in the second over C. F. Welborn by 28 majority. H. L. Raines defeated Charles McNeal in the third ward by two votes. In the fourth ward W. A. Tindall was elected, having no opposition.

The race for mayor was a closely contested one. Each of the candidates and their friends were busily at work from early morning until the polls closed, and it was anybody's race all day long. The contest was a clean one and apparently left no sore spots.

Mr. Wright, who will be the chief executive of the city for the next two years, will take his office Friday, succeeding Mayor Arthur S. Robey. He is a successful business man, and it is predicted that he will give the city a clean, progressive and business-like administration.

The holdover members of the city council are Mose Hahn, J. D. Ford, John Gray and Louis Gram.

Foretells a New Religion.

The Philadelphia North American has sent to a number of persons letters the gist of which is the following questions:

"1. Does your observation of the present time lead you to believe that some sort of spiritual awakening, or upheaval or fresh expression, is impending or imminent?

"2. If so, what form in your judgment, is the revival or experience, or manifestation, likely to take?"

Some of the answers published have been rather hectic, to say the least. But one, the letter of Charles W. Eliot, president emeritus of Harvard university, is worth reproducing if only because it presents (in fewer words than anyone else could put them) the state of mind of many Americans today:

"A new religious sentiment seems to me to be gradually spreading throughout the world, and especially among young people in the United States.

"It is a sentiment which takes small account of ceremonies, rites, sacraments, creeds and dogmas, but inspires an enthusiasm for the service of family, neighbor and society at large.

"Guided by the modern scientific spirit, this sentiment is developing a new kind of Christianity, based on the ethics taught by Jesus, and particularly on the command, "Thou shalt love thy neighbor as thyself," and the parable of the good Samaritan."

In their youthfulness of spirit these three sentences are worthy of their author. Though Dr. Eliot's religion is not orthodox, it is sincere. Dr. Eliot is, incidentally, our candidate for the biggest man now living in America. Hardly a week goes by but we get, out of some of his public utterances or activities, a fresh conception of the loftiness and breadth of his view of our contemporary civilization and the things that are necessary for its richer development.

By the way, accepting Dr. Eliot's definition, about the most irreligious feature of present day life is the spectacle of some men growing rich through inducing other men to consume alcohol.—Collier's Weekly.

BELLOWS SALE NEXT WEDNESDAY

Eleventh Annual Shorthorn Sale On That Day at Parkdale.

Bellows Bros. of this city will hold their eleventh annual public sale of registered Shorthorns at Parkdale Farm, adjoining the city, on Wednesday, April 15. The date chosen for the annual sale this year is a little out of line with the precedent which was established by this firm several years ago by holding their sales in June. Forty-eight high class cattle have been listed for the sale this year.

Three noted bulls feature in connection with the Bellows sale this year. These are Diamond Goods, Sultan Supreme and Radium, all of which have been winners at the International in Chicago. Diamond Goods was undefeated in the aged bull class in 1912, winning first at the Iowa and Nebraska state fairs and the International. He was the grand champion Shorthorn bull at the Iowa and Nebraska state fairs that year. Furthermore he is a son of Good Choice and Sweetheart, two of the most treasured Shorthorns ever owned by the Bellows firm. Sultan Supreme is a son of Double Dale. He was a winner at the International in his calf form, under the name of Warrior Dale, his name having been changed after he became the property of Bellows Bros. Radium is another son of Double Dale that was purchased in June of 1913. He was shown through the circuit from the Nebraska state fair to the International winning four championships, six firsts and one second prize, beside heading the young herd that won first at six of the leading state fairs last season. Practically every female that will be offered in this coming sale will either have a calf at foot or be safe in calf to one or the other of these three bulls.

Met With Mrs. Bovard.

The Music department of the Twentieth Century club was the guest of Mrs. Oliver K. Bovard Monday afternoon. The program was short but unusually well rendered. Miss Brownie Toel presided during the business session. A very excellent paper on the lives of the two composers which the club studied at this meeting, Mrs. H. H. A. Beach and Ernest Kroeger, was given by Miss Marie Brink. A beautiful and difficult piano selection, Scherzo in E flat minor, by Kroeger, was exquisitely given by Mrs. Charles Jackson. Miss Mae Corwin sang "Wouldn't That Be Queer" and "June," by Mrs. Beach. Mrs. Harry Todd sang two other songs by Mrs. Beach, "Shen Van" and "The Years at the Spring." Miss Marie Reuillard gave a piano selection from Kroegor, "Arion." Miss Mae Orear charmed all with a selection by Kroeger that is not often heard, and is very characteristic of the composer's descriptive work. It was "March of the Indian Phantoms." One hears the weird Indian dances, accompanied by the weird tom-toms; chants of the Jesuit priests as they call them to worship; chimes from the monastery; marching of the Indians to and fro, then their resume of the dance after the return from worship. Mrs. Thomas gave several victrola selections, two numbers by Kathleen Parlo, one of the greatest women violinists of America, was especially enjoyed. The symposium on the lives of the two composers of the afternoon study were quite entertaining.

Graham-Latimer Company

Successors to Hotchkin's Variety Store in Maryville

Announce the Opening of a New Store

FRIDAY, April the 10th at 9 o'Clock A. M.

THE GRAHAM-LATIMER COMPANY, who operate a chain of 32 stores, with headquarters and general offices in Ottumwa, Iowa, have purchased the D. E. Hotchkins Variety Store, and Mr. Hotchkin has become a stock holder, and has been retained as Manager of the Maryville Store.

The entire store has been remodeled, making it standard with all other stores of the company, and many lines not formerly carried by Mr. Hotchkins have been added.

In this advertisement we have enumerated only a few items from our various departments, that you may get an idea of the extensiveness of our lines, and of our power as big value givers. ¶ We invite you to the store, where you can see the vastness of the preparations we have made, and compare the actual merchandise and prices. You will find the actual buying better than the mere reading.

This Stores Policy

The principle upon which our business was founded and has grown to its present extent, is that every store's volume of sales and number of regular customers depends entirely on the standard of service rendered.

Our Service Is Economic

Our chain of stores cuts out middlemen's profits and our plan of operating cuts out waste expense.

We Sell for Less

Through organized effort, all our stores combining their orders as but one immense store, we are enabled to go to first hands for our supply and buy as cheaply as large wholesale houses, and buying the same quantities.

On many of our lines we save one entire profit, and this is taken from our selling price.

We have elminated all the freakish unstaple articles on which a store must charge large profits or suffer losses.

WE SELL STRICTLY FOR CASH thus avoiding all losses from bad accounts, expenses of book keeping, collecting etc.

By these methods we are enabled to add less than the regular margin of profit to our lowered costs.

All goods are marked in plain figures with absolutely one price to all. Every purchase guaranteed satisfactory or money refunded.

THIS IS THE ACTUAL SERVICE OF ALL OUR STORES in their various communities and the basis on which we solicit your patronage in Maryville.

Let us meet you in the store.

OUR SPECIAL SALES PLAN

While our prices on all our merchandise, because of our plan of operation, are much lower than those usually asked for the same qualities, we make a practice of buying large quantities of various wares at any time we can make a clean-up purchase, or for any reason secure lower than regular factory prices, and our customers are given the full advantage of the saving.

Often these goods are advertised, and usually are shown in our windows, but many times are merely put on our counters and tables and offered for sale. There is scarcely a business day in the entire year that you cannot find some of these special values in our store.

C-B a la Spirite Corsets

Why is it that women who are accustomed to wear the C-B Corset are actually noticeable above the average run of well dressed women?

It is because the C-B Corset always keeps just a trifle in advance of the prevailing fashion. Not far enough to be extreme, but just enough to be distinctive—to make the newest gowns display themselves to the fullest advantage.

Particular attention is also called to the boning, which is light, strong, flexible, yielding easily and naturally to every movement of the body, yet retaining its shape and elasticity.

We have a model for every figure.....$1.00, $1.50

Card of Thanks.

I wish to express my heartfelt gratitude to Maryville people for their kindness to me since my arrival here, in doing all they could to assist me in my effort to ascertain whether or not Charles Heimburg was my brother. I am grateful more than words can tell to Messrs. John P. Price and Charles McNeal, who cared for the body. I hope no sorrow such as mine will ever come to any who read these lines. But if it should come, may God give you friends such as He has given me among strangers. I have nothing but kindness in my heart toward you all, and I thank you for your kind actions and interest since the death of my erring brother, and especially do I thank Rev. Gilbert S. Cox, who officiated at the burial service, for his words of comfort.

MOTHER TELLS

How Her Little Girl Was Restored to Health.

Mrs. Charles Schriefer of 139 Himrod street, Brooklyn, N. Y., says: "My little girl was frail, sickly and all run down after having had the grippe. I was advised to give her Vinol and after the first bottle noticed an improvement. She has taken four bottles and has picked up rapidly, having gained six pounds in three weeks."

The reason Vinol builds up weak, ailing children so quickly is because it contains in a delicious combination the two most world famed tonics—i. e., the strength creating, body building elements of cod liver oil, with all the useless grease, eliminated, and tonic iron for the blood added. If you have a weak, puny, ailing child, try Vinol on our offer to return your money if it fails to benefit your little one. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

Peace and Plenty

POVERTY destroys a man's courage and weakens his natural inclination to look you in the eyes and tell the truth. MONEY is the counter in this game of life.

And while we do not love money for its own sake, we realize that it is only money that can ward off want, woe, wretchedness--perhaps starvation—when earning power is gone. And earning power, for all of us, will surely go sometime—this we all know. MONEY stands between you and the fear of want.

YOUR CHILD'S SIGHT

Should be a most important consideration. Many children are handicapped in school or subjected to petty nervous or physical ills by the effects of imperfect vision.

An examination of the eyes of 100,000 school children in New York City showed that nearly 30 per cent needed glasses. In Boston it was more than 20 per cent, and most of them were down on the books as "stupid," "stubborn" or "unruly."

Wearing glasses in childhood often averts serious trouble later on. Have our optician examine your child's eyes. If glasses are not needed you may be sure we will tell you so frankly.

CROY IS IN HAWAII

IS RAPIDLY GETTING ACQUAINTED WITH NATIVES.

AN ADVERTISING STUNT

The Natives Eat His Corn Flakes and Wash Their Teeth With His Tooth Paste.

Homer Croy has landed in Hawaii and is rapidly getting acquainted with the natives. Charles F. Loomis, B. S. in Ed., '11, of the state university, of Columbia, who is connected with the Y. M. C. A. in Honolulu, writes to the University Missourian, at Columbia, of the landing of Mr. Croy as follows:

"Homer Croy landed in Honolulu this morning. He blew into the Y. M. C. A. building, immediately upon arrival, with a package of toasted corn flakes under one arm, and a hand satchel, containing a can of tobacco, a can of coffee, a tooth brush, a tube of tooth paste that lies flat on the brush and a thermos bottle, hanging on the other.

"The big feature of Croy's trip around the world is the advertising stunt he is pulling off. In every land and in every city he visits, he is to eat some of the particular brand of breakfast food he is carrying along with him, and when he returns, he will issue a humorous illustrated booklet showing how well it keeps in all climes.

"Tomorrow Croy is going to take pictures of Chinese, Japanese and native school children scrubbing their teeth with well known brands of brushes and paste.

"While, to my mind, this advertising scheme is the most novel feature of his trip, it is not the most important, for it is only one of three side lines.

"Making a reel for the 'movies' entitled 'Around the World in Eighty Minutes' is one side line. A film company has furnished him an expert operator, a young chap 20 years old, and a moving picture camera. As he goes into different foreign countries he will do funny stunts as an American tourist, and the operator will catch it all with his camera. For instance, when in China he is going to sit down on the sidewalk, as is the fashion over there, he says, and let a Chinese barber shave him with his chisel-like instrument. Croy says he thinks this will be humorous to his American audience, but that he, being the goat, will suffer.

"His stunt for the reel here is to try serfing in the big ocean waves on native serf boards and outrigger canoes. I have assured him that he will not have to try to act funny doing this.

"The third side line is writing a book on China. He says twenty-seven books have been written on China, but that not one of them has been written in lighter vein, and he is going to remedy this great lack at once.

"Croy says he was never so surprised in all his life as when he landed in Honolulu this morning. He said. 'I expected to see a low, sloping plain, with many marshes near the water's edge, cane brakes, tropical birds flying through the air, monkeys chattering in the trees and black-skinned natives darting out from behind the trees and bushes. Honestly, I am surprised to find Honolulu as up-to-date and as lively as any city of 100,000 population I have ever been in. You know, I thought I might see one or two second-hand automobiles wheezing around, but I hadn't been here four minutes before I was almost knocked down by a seven-thousand-dollar car."

WRIGHT ELECTED

OVER GUS ROMASSER BY TWENTY-TWO VOTES.

SELECMAN COLLECTOR

Fisher in First, Garrett in Second, Raines in Third and Tindall in Fourth—Moberly Won.

U. S. Wright was elected mayor Tuesday at the city election over Augustus Romasser by 22 votes. It was a close race and the vote cast was the largest that has been polled in a city election. The total vote for mayor was 1,184.

The People's ticket won at the election. Aside from the election of Mr. Wright, their candidate for city collector, Sam G. Selecman, won over John G. Grems, the present incumbent, by a majority of 95 votes. E. C. Moberly was chosen by a majority of 603 over Frank Partridge. Mr. Moberly was also running on the Non-Partisan ticket. Mr. Partridge was running as an independent candidate.

For members of the city council, Jesse Fisher was selected from the first ward by a majority of 57 over Hal T. Hooker. Frank Garrett won in the second over C. F. Welborn by 28 majority. H. L. Raines defeated Charles McNeal in the third ward by two votes. In the fourth ward W. A. Tindall was elected, having no opposition.

The race for mayor was a closely contested one. Each of the candidates and their friends were busily at work from early morning until the polls closed, and it was anybody's race all day long. The contest was a clean one and apparently left no sore spots.

Mr. Wright, who will be the chief executive of the city for the next two years, will take his office Friday, succeeding Mayor Arthur S. Robey. He is a successful business man, and it is predicted that he will give the city a clean, progressive and business-like administration.

Foretells a New Religion.

The Philadelphia North American has sent to a number of persons letters the gist of which is the following questions:

"1. Does your observation of the present time lead you to believe that some sort of spiritual awakening, or upheaval or fresh expression, is impending or imminent?

"2. If so, what form in your judgment, is the revival or experience, or manifestation, likely to take?"

Some of the answers published have been rather hectic, to say the least. But one, the letter of Charles W. Eliot, president emeritus of Harvard university, is worth reproducing if only because it presents (in fewer words than anyone else could put them) the state of mind of many Americans today:

"A new religious sentiment seems to me to be gradually spreading throughout the world, and especially among young people in the United States.

"It is a sentiment which takes small account of ceremonies, rites, sacraments, creeds and dogmas, but inspires an enthusiasm for the service of family, neighbor and society at large.

"Guided by the modern scientific spirit, this sentiment is developing a new kind of Christianity, based on the ethics taught by Jesus, and particularly on the command, "Thou shalt love thy neighbor as thyself," and the parable of the good Samaritan."

In their youthfulness of spirit these three sentences are worthy of their author. Though Dr. Eliot's religion is not orthodox, it is sincere. Dr. Eliot is, incidentally, our candidate for the biggest man now living in America. Hardly a week goes by but we get, out of some of his public utterances or activities, a fresh conception of the loftiness and breadth of his view of our contemporary civilization and the things that are necessary for its richer development.

By the way, accepting Dr. Eliot's definition, about the most irreligious feature of present day life is the spectacle of some men growing rich through inducing other men to consume alcohol.—Collier's Weekly.

BELLOWS SALE NEXT WEDNESDAY

Eleventh Annual Shorthorn Sale On That Day at Parkdale.

Bellows Bros. of this city will hold their eleventh annual public sale of registered Shorthorns at Parkdale Farm, adjoining the city, on Wednesday, April 15. The date chosen for the annual sale this year is a little out of line with the precedent which was established by this firm several years ago by holding their sales in June. Forty-eight high class cattle have been listed for the sale this year.

Three noted bulls feature in connection with the Bellows sale this year. These are Diamond Goods, Sultan Supreme and Radium, all of which have been winners at the International in Chicago. Diamond Goods was undefeated in the aged bull class in 1912, winning first at the Iowa and Nebraska state fairs and the International. He was the grand champion Shorthorn bull at the Iowa and Nebraska state fairs that year. Furthermore he is a son of Good Choice and Sweetheart, two of the most treasured Shorthorns ever owned by the Bellows firm. Sultan Supreme is a son of Double Dale. He was a winner at the International in his calf form, under the name of Warrior Dale, his name having been changed after he became the property of Bellows Bros. Radium is another son of Double Dale that was purchased in June of 1913. He was shown through the circuit from the Nebraska state fair to the International winning four championships, six firsts and one second prize, beside heading the young herd that won first at six of the leading state fairs last season. Practically every female that will be offered in this coming sale will either have a calf at foot or be safe in calf to one or the other of these three bulls.

Met With Mrs. Bovard.

The Music department of the Twentieth Century club was the guest of Mrs. Oliver K. Bovard Monday afternoon. The program was short but unusually well rendered. Miss Brownie Toel presided during the business session. A very excellent paper on the lives of the two composers which the club studied at this meeting, Mrs. H. H. A. Beach and Ernest Kroeger, was given by Miss Marie Brink. A beautiful and difficult piano selection, Scherzo in E flat minor, by Kroeger, was exquisitely given by Mrs. Charles Jackson. Miss Mae Corwin sang "Wouldn't That Be Queer" and "June," by Mrs. Beach. Mrs. Harry Todd sang two other songs by Mrs. Beach, "Shen Van" and "The Years at the Spring." Miss Marie Reuillard gave a piano selection from Kroegor, "Arion." Miss Mae Orear charmed all with a selection by Kroeger that is not often heard, and is very characteristic of the composer's descriptive work. It was "March of the Indian Phantoms." One hears the weird Indian dances, accompanied by the weird tom-toms; chants of the Jesuit priests as they call them to worship; chimes from the monastery; marching of the Indians to and fro, then their resume of the dance after the return from worship. Mrs. Thomas gave several victrola selections, two numbers by Kathleen Parlo, one of the greatest women violinists of America, was especially enjoyed. The symposium on the lives of the two composers of the afternoon study were quite entertaining.

Graham-Latimer Company

Successors to Hotchkin's Variety Store in Maryville

Announce the Opening of a New Store

FRIDAY, April the 10th at 9 o'Clock A. M.

THE GRAHAM-LATIMER COMPANY, who operate a chain of 32 stores, with headquarters and general offices in Ottumwa, Iowa, have purchased the D. E. Hotchkins Variety Store, and Mr. Hotchkin has become a stock holder, and has been retained as Manager of the Maryville Store.

The entire store has been remodeled, making it standard with all other stores of the company, and many lines not formerly carried by Mr. Hotchkins have been added.

In this advertisement we have enumerated only a few items from our various departments, that you may get an idea of the extensiveness of our lines, and of our power as big value givers. ¶ We invite you to the store, where you can see the vastness of the preparations we have made, and compare the actual merchandise and prices. You will find the actual buying better than the mere reading.

This Stores Policy

The principle upon which our business was founded and has grown to its present extent, is that every store's volume of sales and number of regular customers depends entirely on the standard of service rendered.

Our Service Is Economic

Our chain of stores cuts out middlemen's profits and our plan of operating cuts out waste expense.

We Sell for Less

Through organized effort, all our stores combining their orders as but one immense store, we are enabled to go to first hands for our supply and buy as cheaply as large wholesale houses, and buying the same quantities.

On many of our lines we save one entire profit, and this is taken from our selling price.

We have elminated all the freakish unstaple articles on which a store must charge large profits or suffer losses.

WE SELL STRICTLY FOR CASH thus avoiding all losses from bad accounts, expenses of book keeping, collecting etc.

By these methods we are enabled to add less than the regular margin of profit to our lowered costs.

All goods are marked in plain figures with absolutely one price to all. Every purchase guaranteed satisfactory or money refunded.

THIS IS THE ACTUAL SERVICE OF ALL OUR STORES in their various communities and the basis on which we solicit your patronage in Maryville.

Let us meet you in the store.

OUR SPECIAL SALES PLAN

While our prices on all our merchandise, because of our plan of operation, are much lower than those usually asked for the same qualities, we make a practice of buying large quantities of various wares at any time we can make a clean-up purchase, or for any reason secure lower than regular factory prices, and our customers are given the full advantage of the saving.

Often these goods are advertised, and usually are shown in our windows, but many times are merely put on our counters and tables and offered for sale. There is scarcely a business day in the entire year that you cannot find some of these special values in our store.

Make it a rule that no shopping trip to Maryville is complete until you have visited our store and looked through every department. Your surprises and opportunities to save will be many.

C-B a la Spirite Corsets

Why is it that women who are accustomed to wear the C-B Corset are actually noticeable above the average run of well dressed women?

It is because the C-B Corset always keeps just a trifle in advance of the prevailing fashion. Not far enough to be extreme, but just enough to be distinctive—to make the newest gowns display themselves to the fullest advantage.

Particular attention is also called to the boning, which is light, strong, flexible, yielding easily and naturally to every movement of the body, yet retaining its shape and elasticity.

We have a model for every figure.....$1.00, $1.50

Card of Thanks.

I wish to express my heartfelt gratitude to Maryville people for their kindness to me since my arrival here, in doing all they could to assist me in my effort to ascertain whether or not Charles Heimburg was my brother. I am grateful more than words can tell to Messrs. John P. Price and Charles McNeal, who cared for the body. I hope no sorrow such as mine will ever come to any who read these lines. But if it should come, may God give you friends such as He has given me among strangers. I have nothing but kindness in my heart toward you all, and I thank you for your kind actions and interest since the death of my erring brother, and especially do I thank Rev. Gilbert S. Cox, who officiated at the burial service, for his words of comfort.

KILL THE CATARRH GERM--USE HYOMEI

It's the direct-to-the-spot method—you breathe it. Do not delay and continue to suffer from catarrh, head colds, bronchitis or sniffles. It is not only needless and annoys your friends, but dangerous to your general health.

Begin the Hyomei treatment at once. It is one of the easiest, quickest and surest ways to clear the head and quickly and permanently banish catarrh.

Hyomei being medicated air immediately reaches the sore and irritated membrane and tissues—its antiseptic and germicidal healing begins at once.

You will surely like Hyomei—its relief is not only immediate but lasting. Money refunded by Orear-Henry Drug Co. if you are not satisfied.

Get the complete outfit—$1.00 size. Druggists everywhere sell Hyomei.

MOTHER TELLS

How Her Little Girl Was Restored to Health.

Mrs. Charles Schriefer of 139 Himrod street, Brooklyn, N. Y., says: "My little girl was frail, sickly and all run down after having had the grippe. I was advised to give her Vinol and after the first bottle noticed an improvement. She has taken four bottles and has picked up rapidly, having gained six pounds in three weeks."

The reason Vinol builds up weak, ailing children so quickly is because it contains in a delicious combination the two most world famed tonics—i. e., the strength creating, body building elements of cod liver oil, with all the useless grease, eliminated, and tonic iron for the blood added. If you have a weak, puny, ailing child, try Vinol on our offer to return your money if it fails to benefit your little one. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

Peace and Plenty

POVERTY destroys a man's courage and weakens his natural inclination to look you in the eyes and tell the truth. MONEY is the counter in this game of life.

And while we do not love money for its own sake, we realize that it is only money that can ward off want, woe, wretchedness--perhaps starvation—when earning power is gone. And earning power, for all of us, will surely go sometime—this we all know. MONEY stands between you and the fear of want.

YOUR CHILD'S SIGHT

Should be a most important consideration. Many children are handicapped in school or subjected to petty nervous or physical ills by the effects of imperfect vision.

An examination of the eyes of 100,000 school children in New York City showed that nearly 30 per cent needed glasses. In Boston it was more than 20 per cent, and most of them were down on the books as "stupid," "stubborn" or "unruly."

Wearing glasses in childhood often averts serious trouble later on. Have our optician examine your child's eyes. If glasses are not needed you may be sure we will tell you so frankly.
